

School Policies

KNI - NO IDLING POLICY

MSCS has a 'no idling' policy for all school related vehicles including parents' vehicles during drop off and pick up times. MSCS asks parents, staff, and visitors to do their part and help protect our children and the environment by turning off your car engine when visiting and dropping off and picking children up from school.

According to the American Lung Association, high concentrations of carbon monoxide occur in areas with heavy traffic congestion, such as school drop off and pick up. Carbon monoxide pollution can be especially harmful to children.
