BPR 4.2 - Accountability of the School Director

Policy Type: Board-School Director Relationship
Policy No.: BPR 4.2
Policy Title: Accountability of the School Director
Monitoring: Frequency - Three-year Review Cycle

The School Director is the Board’s only official link to operational achievement and conduct, so that all authority and accountability of management and staff is considered by the Board to be the authority and accountability of the School Director.

1. The Board may never give directions or instructions to persons who report directly or indirectly to the School Director, except the District’s Legal and Policy Counsel regarding matters for which the Board is legally required to assume responsibility or matters otherwise approved by the School Director.
2. The Board will not evaluate, either formally or informally, any staff other than the School Director.
3. The Board will view School Director performance as identical to organizational performance so that organizational accomplishment of Board-prescribed District Ends and avoidance of Board-proscribed means (Executive Limitations) will be viewed as successful School Director performance.
