JQ - STUDENT FEES, FINES AND CHARGES

Students shall not be charged any fees as a condition of enrollment in school or as a condition of attendance in any course of study, instruction or class that is considered part of the academic portion of the school's educational program, but the school may require students to pay textbook fees, fees for expendable materials, fees for items students retain or consume, and other miscellaneous fees as authorized by law. The school may also require students to pay fees for voluntary supplemental or enrichment activities not specifically required for academic credit.

All student fees shall be listed or referenced in a fee schedule adopted by the MSCS Board, (currently outlined in the school enrollment policy) and shall be used only for the purposes specified and shall remain in effect until revised or deleted by MSCS Board action. The Board-adopted fee schedule shall indicate the purpose of each fee, how it was derived, whether it is voluntary or mandatory, and any activity from which students will be excluded if the fee is not paid.
